Assemblyman Dean Murray wants school bus stop-arm cameras on every bus throughout the state and stronger penalties so drivers think twice before passing a stopped bus.

Protecting our children is necessary from the moment they get to the bus stop until the moment they arrive home.

According to the New York Association for Pupil Transportation:

- It's estimated that **50,000 motorists illegally pass stopped school buses daily**
- States that have stop-arm cameras on school buses experienced an average of **50% reductions in illegal passing incidents in the first year of operation**
- Nearly 99% of those caught and convicted due to stop-arm cameras **do not repeat the offense**
